What to do now...

I have baggage to check In: If you have baggage to check-in, your airport check-in desk will open at **08:55** and close 40 minutes before your scheduled departure time.

I just have hand baggage: If you have hand baggage only, there is no need to visit our check-in desks and you should proceed straight to the boarding gate via airport security. You should be at the boarding gate no later than 25 minutes before departure, however we would recommend you leave extra time just in case

Remember that your hand baggage allowance is 1 piece, which may weigh up to 10kg and measure up to 25 x 45 x 56cm. Hats and handbags should be counted as, or should go inside your 1 piece.

Please remember to bring your boarding pass with you and enjoy your flight!
